## **TUTOR WARD SYSTEM**

- It is one of the best practices of education.
- Each ward tutor is entrusted with a small group of students.
- One of the most effective systems functioning in the institution that bridges the gap between the student and teaching community is the tutorial system.
- Faculty member has the additional voluntary responsibility of moulding and guiding their wards in all academic & personal fronts.
- Tutor caters to the academic intellectual, psychological and emotional needs of the ward students and maintain their progress reports.
- Slow learners with difficulties in understanding and learning the subjects at the pace it should be, are paid individual attention, guided and trained by the tutor on the better ways of learning.
- He /She also acts as a liaison between Student – Parent- Principal.
